Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 23 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Breezy with some rain for most, turning dry overnight.

Today:
A cloudy start for most with patchy light rain across the northern parts of the region. Largely dry over the southern areas with some bright or sunny spells during the afternoon. Breezy to rather windy throughout the day. Maximum temperature 17 deg C (63 deg F).

Tonight:
Any patchy light rain will clear Cumbria through the evening to leave a largely dry night with clear spells. Staying breezy. Minimum temperature 8 deg C (46 deg F).

Friday:
Cloud and light patchy rain will soon arrive from the west during the morning and persist across the region throughout the day. Staying breezy. Maximum temperature 18 deg C (64 deg F).

Outlook for Saturday to Monday:
Often cloudy with scattered showers and sunny spells on Saturday. Showers to start, then outbreaks of rain, heavy at times to follow on Sunday and into Monday. Feeling warm.
